1. Ranch Saddle Bronc Fees – Cody Miller

Change the Stock Saddle Bronc fee to match that of the Saddle Bronc of \$55.00 regardless of the amount of added money. And add this to page 14 of the Rule Book along with the other event fees.

Rule is currently not in book and still using the entry fee scale of

\$200 - \$350	\$75.00

Add that permit holders are not eligible to come to the finals.

Change annual permit contestant dues to \$50.00

1. Permits

1. A permit holder is an individual who has never held a card in any association, amateur or professional. Upon winning a total of \$750 on a permit, the permit holder must buy an ICA card to contest at an ICA approved rodeo or pay the additional \$30 Non-Member Fee. (2014)

2. If a permit holder desires to become a member of the Association, he shall return the permit before a membership card is issued and pay the current dues.

6. Pg. 32 #3 Remove Judges from being voted on

E. Votes will also be taken for Pickup men, Judges and Bull Fighters.

7. Pg 33 #1 – Add the words (done 2 hrs prior to the performance)

1. In all events, stock shall not be drawn for a contestant if he has notified that he is turning out, or has been disqualified. The draw will be done prior to each performance, by the judges. Rough stock will be drawn using poker chips, resulting in the animal's number recorded on a chip. Drawing chips must be done from a bowl so all chips have equal opportunity to be drawn. (2011)

8. Pg 34 #1 – Get rid of approximately and take out sick or injured ect. Ect.

2. Drawing Timed Event Stock

2. In case stock is sick, crippled, or already shipped, replacement will be drawn from re-run animals.
10. Pg 34 #5 Remove rule
5. When calves are not fresh, reruns will always be drawn from the whole herd used in the draw, not from those calves that are missed. When calves are fresh, reruns will be drawn from missed calves when reruns amount to less than 10% of the ropers entered at that rodeo. These reruns will be drawn from calves on which there is no time for that go-round up to the performance that ends the go-round, provided there are enough of these calves.
11. Pg 34 #7 Replace with all cattle must be run once before any are run a second time except when splitting horses.
7. All cattle in the draw will be run one time before any cattle will be run twice. When due to a split performance, this procedure becomes impossible the draw will include cattle remaining that have been run the least number of times. Immediately after a split performance, the draw will revert to the cattle that have been run the least number of times. In case of reruns, all the cattle in the draw will be run one time before being run twice, etc. Any animal drawn and not competed on shall be used for the first extra.
12. Pg 34 #9 This percentage needs to be increased. 15 or less contestants 1 for everyone plus extra.
9. In Tie-Down Roping, Steer Wrestling, Breakaway Roping and Team Roping the minimum number of useable and desirable cattle shall be 25% of the total number of contestants, entered in current year's rodeo, or the number of contestants in the largest performance, plus 1, whichever is greater. For each calf or steer the contractor is short, there will be fines as follows: 1st offense \$50 per head short, 2nd offense \$100 per head short, 3rd offense \$200 per head short, with the fines doubling with each subsequent violation.
13. Pg 35 #3 2 This needs to come out should be taken care of when establishing the herd.

12. Judges will start time when animals front feet hit ground on first initial move out of chute or when the inside shoulder breaks the plane.
16. Pg 38 #2 – Replace will with can. Or reride will be designated reride.
2. If the pickup man or horse comes in contact with a bucking horse before qualified time has elapsed, reride will be given on the same animal, if stock contractor is not willing, reride will be drawn.
17. Pg 39 #3 – Take out adjusting length of barrier by tying knots in rope

3. Barrier Judge shall keep a record of the length of the barrier trip rope each performance to assure the same start for the contestants each performance. Adjusting length of barrier trip rope will be accomplished only by tying knots in the rope on either end.

18. Pg 39 #11- Take out prod will not exceed 12 inches in length. The prod will be hand held

11. In the riding events, use of prods and similar devices is prohibited. The only exceptions will be in the Saddle Bronc Riding and in the Bareback Riding and only in the case of a known chute stalling animal, and only if agreed upon by the contestants, the stock contractor, and the Judge before the contestant's competition begins. In this instance, the prod will not exceed 12 inches in length. Use of a prod without the agreement of the contestant, stock contractor, and the Judge before the contestant's competition begins in the Saddle Bronc and the Bareback Riding riding, or use of a prod in the Bull Riding at any time shall result in a fine of \$250 to the contractor of record, and the contestant will receive an automatic option of a reride. Use of a prod in excess of 12 inches in length will result in a fine of \$100 charged to the stock contractor of record. After rerides and turnout stock have been spent, reride animals are to be drawn from available animals as per the contractor.

If any individual calf does not meet the requirements, the Tie-Down event director, Judge, or the appointed designee has the right to remove (prior to establishment of the "herd") that calf from the herd for the duration of the rodeo, potentially subjecting the stock contractor to fine per head for being short of the required number of cattle.
