

Barrel Racing Rule Proposal  
Submitted by: Cambria Estep

**To be added to Rule Book**

**Unsafe Ground Conditions**

- a) If the arena conditions are deemed at any time to be unsafe by the arena/event director, judge or the primary stock contractor, competition may be stopped until such time as the arena conditions are deemed satisfactory by the individual who initially determined the arena conditions unsafe.
- b) Additional equipment maybe brought in if needed to make conditions safe. Event/round can be rescheduled if conditions cannot be changed or improved.
- c) If arena conditions were deemed unsafe. The runners that have competed in the that “unsafe” performance or slack will get a rerun after ground is improved. Runners will rerun in the original draw order.
- d) Pattern may deviate from the course measurements see rule #29 and #30 if the arena conditions don’t allow this course.
- e) There shall be no reruns given at a rodeo if a horse falls, unless ground has been deemed “unsafe”
- f) The ICA/Event director can work with the committee to pursue incremental drags if desired. This does not have to be declared by the committee when their packets are due to the ICA. As long as it is confirmed prior to the first performance, drag changes will be allowed, as long as there are drags every 12 runners

**Delete from 2022 rule books**

- #10 There shall be no reruns given at a rodeo if a horse falls – replacement rule listed above (e)
- #14 More than 1 girl can ride the same horse in the same performance.

#27 d) Should the girls know that the barrels are set wrong and there is not enough time to correct it, they will RUN, in consideration of the committee. They will be rerun after the performance.

#28 e) Local and novice barrel racers can run on the ICA markers, but must run after the ICA contestants.
